FFF™ — Classes Description Cont'

the incredible sucky bed. As a Latex Evangelist, The Baroness seeks to both spread the word and educate the masses; all questions will be answered thoughtfully and in-depth.

ROPE BONDAGE: Easy, Sexy & Fun

with Fetish Diva Midori
Rope bondage can be simple, elegant, effective and sensual. But if you don't know how to do it right, it can be dangerous. Midori will teach you how to use this most versatile bondage tool to maximize fun and minimize risks. Learn basic techniques such as two-column restraint, body harnesses and creative positions. She is an expert in safe and effective Japanese-inspired rope bondage. There will be time for hands-on practice, so wear comfortable clothing.

**BONDAGE OUTSIDE THE BOX:
Creative Ways to Re-Think Bondage**
with Fetish Diva Midori

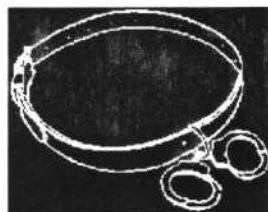

Come explore new ways to approach your bondage play. Midori will offer inspiration, help you spark your creativity and explore your bondage horizons!

SENSUAL CANING

with Boymeat
When most people think of the cane, the responses are "Ouch, no way, uh-uh!!, too painful!" That does not have to be the case. The cane can be used lovingly, sensually, to even the most pain sensitive bottoms. Bring your canes, bring a bottom, and come learn how.

FOOT FETISH for TOPS

with Boymeat
Foot fetishism has been long described as a bottom's activity. Well, Boymeat, a foot fetishist since watching Sesame Street at the age of 5 says not so. Come learn the whats, whys, and hows of foot fetishism... and foot torture. Caning, flogging, abrasion, sensation play, with some

Fetish Fair Fleamarket™ — Classes Description

INTRO to BDSM

with Kim Airs
Learn about S/M techniques, safety and what it's all about in this informative and popular class taught by Kim Airs. Learn various techniques for getting started, negotiation, different forms of play, S/M, B/D, D/s and community.

TOY USE in PLAY

with Kim Airs
This class will feature Kim demonstrating lots of hot toy use for your BDSM play. Sex toys, BDSM toys, even everyday pervertibles will be discussed and demonstrated, and you can help brainstorm fun new ways to incorporate toys in play.

SPANKING (or Beating Ass, as Lolita calls it)

with Lolita Wolf
Some of us get spanked just because it feels good. For others it is about punishment. Or it can be a rite of passage. Or maybe fantasy/role play. This workshop will emphasize psychological aspects as well as techniques.

SENSORY DEPRIVATION & CONTROL

with Lolita Wolf
Controlling a bottom's senses (sight, hearing, taste, smell, touch) can effectively change the whole psychology of a person. We'll be exploring various toys and techniques (both store-bought and homemade) that you can

use to enhance both the reality and the fantasy in a scene. Of course, we will deal with all the safety issues.

PERVERTIBLES

with Lolita Wolf
You don't have to have a lot of money to stock your toy bag. Mix a little imagination with ordinary, everyday items and you can have some fabulous toys. This workshop will cover finding, converting and using mundane items for SM play. Bring one of your own pervertibles for some kinky show-and-tell. Come on! That Paddleboro kitchen spoon is the most famous pervertible in the country.

SINGLE TAILS

with Bob Deegan
Explore the full range of using the single tail whip in a fun, relaxed atmosphere. In his workshop, Bob covers single tail techniques and principles, demonstrating them clearly so that everyone gains access and understanding. He has a knack for putting people in touch with their natural abilities. Attendees will learn about different fundamental stances, throws and strokes.

ASK THE DOCTORS

with Dr. Carol Queen & Dr. Robert Lawrence
Carol and Robert both have doctorates in sexology (yes, the labs were a lot of fun), and Robert also has a doctorate in chiropractic. He specializes

in the anatomy of sensation and how to explore it in play. Come ask the docs your kinky play, sex and health questions! No question is too basic, but we love the complicated stuff, too!

EXHIBITIONISM FOR THE SHY

Dr. Carol Queen
Author of the first and only book on exhibitionism as a form of sexual enhancement, presents a workshop for everyone who would like to feel more comfortable and bold sexually. Even if you're the lights-out type, learn to:

- learn what consensual exhibitionism is -- and isn't
- identify your exhibitionistic fantasies
- develop a bold persona sourced in "your" desires
- get comfortable with your body
- communicate more erotically with your partner
- learn how to dress for sex -- "and" how to undress!
- encourage your lover to explore with you
- find places to show off in public

LATEX 1: OBSCURE FETISH TO POPULAR CULTURE EXPLOSION

with The Baroness
This is your opportunity to learn from an expert. Delve into the deliciously decadent world of latex fetish with The Baroness, New York's Premier Latex Designer. Savor The Baroness' unique perspective on latex as you

explore its evolution from a taboo worn only behind closed doors to its general acceptance in the current scene. Once a secret fetish, hidden from all but the most trusted, latex has exploded into popular culture through film, stage, and advertising.

In this class, The Baroness traces this unique material's development from Christopher Columbus to its present use in the world of advertising, fashion and entertainment. You will also learn the difference between rubber & latex, as well as the various types of latex fetishes. Her expertise in latex garment construction & repair will help you ensure your fetish garb enjoys a long life. You will also be treated to a mini fashion show of the The Baroness's sexiest new latex designs.

LATEX 2: BIZARRE RUBBER CREATIONS/TOYS FOR THE SOPHISTICATED FETISHIST

with The Baroness
In part 2 of The Baroness' latex lecture you will learn about the fascinating world of rubber play, sensory deprivation, and latex confinement. We will discuss the proper care of this unique equipment and tips on how to play safely.

This will be your opportunity to experience The Baroness' newest creations: The bondage body bag, the inescapable inflatable straightjacket, and the containment and sensual delights of

New from Greenery Press!

The Seductive Art of Japanese Bondage

by Midori
photography by Craig Morley

From ornately decorative to excruciatingly stringent, Japanese rope bondage is an art which has developed over centuries of martial and erotic practice. Now, accomplished Japanese-born educator and practitioner Midori shows step by step how to achieve beautiful and exciting Japanese bondage on a variety of genders and body types.

Each chapter starts with a spectacular, tasteful full-color photo of the finished bondage pose - harnesses, hogties, standing and bent-over poses, and more - then goes back and explains with text and line art how each rope and knot is placed to achieve the final result. Readers can use the detailed instructions to experiment safely and erotically with their own partners - or simply enjoy viewing the pictures of Midori's expertise.

The New Bottoming Book

by Jessie Easton & Janet W. Hardy

The first "Bottoming Book" taught tens of thousands of people that bottoming is as much an art as topping. Now, the completely updated revised "New Bottoming Book" gives even more insights and ideas, updated for a new millennium, about how to be a successful, popular bottom! New sections on dominance/submission play, bridging the gap from on-line to realtime relationships, the four stages of a scene, and more.

Stop by the Grand Opening booth to meet Midori and buy a personally autographed copy of "The Seductive Art of Japanese Bondage"!

Greetings from Vivienne, Chair of NELA:

Welcome, everyone, to the New England Leather Alliance's 18th Fetish Fair Fleamarket™.

This is our second time in the lovely town of Andover having the FFF over an entire weekend. Given how much fun we had last year and what we anticipate having today, we hope to make this two-day event an annual occurrence. Dedicating an entire hotel to the fetish community is quite extraordinary, even if only for 48 hours. So come in, be a part of the magic: browse, shop, revel in the atmosphere, learn something new, see an old friend, relax and ENJOY!

This Flea (and every other Flea) would not happen without the incredibly hard work and commitment of Cecilia Tan, FFF Director and NELA's Director of Media Relations. The rest of the Board and Officers are all outstanding individuals and NELA is incredibly lucky to have them: Kimberly Bradshaw – Director of Programming, Danny – Director of Community Liaisons, David Fortini- Director of External Relations, John Klein – Legislative Director, St James - Production Director, and Wil - our Membership Officer. A special thanks to Gus for his recent commitment to takeover our website and the great work he has done so far.

When we are not busy running the Fetish Fair Fleamarket™, NELA is hard at work on it's mission: the New England Leather Alliance (NELA) is an organization dedicated to making a safe place in the world for all leather/fetish/bdsm people through education, advocacy, communication and charitable giving. We are currently focusing on a lot of stimulating stuff...repealing the archaic sex laws still on the books of Massachusetts (did you know that vibrators are illegal in this state?)...organizing discussion groups...giving talks to other groups on safe S/m sex ...and we need your help. Volunteer a few hours, write an article for our newsletter, teach a class, come to events, tell your friends, join NELA, be a part of an active leather/fetish/SM group.

We look forward to seeing you throughout the year!

Happy New Year,

Vivienne
 Chair, NELA
